

## LIMITED WARRANTY CERTIFICATE

**Period of Guarantee:** 1~5 years, vary with different battery range and working conditions

All BPS batteries are guaranteed to be free from defects in material and workmanship. Conditions and claims procedure are set out below.

### Conditions:

1. The battery must be installed and maintained in accordance with the applicable BPS installation and operation procedure manual.
2. A battery will not be considered defective unless it fails to deliver 80% or less of its rated capacity during the guarantee period.
3. Each battery must be stored, charged, discharged and stored in accordance with the printed BPS instructions.
4. User ensure the batteries being used have proper capacity design for the application.
5. User agrees that the manufacturer or his agent shall be granted inspection access with reasonable notice.
6. Guarantee & Warranty period is reduced by 50% for every 8°C increment above 25°C.
7. Guarantee & Warranty is void if temperature exceeds 71°C.
8. Guarantee & Warranty is void if the battery becomes unserviceable due to fire, wreckage, freezing, neglect, abuse, or any other act of GOD, use of battery additions, parts of the battery are tampered with or modified or it is serviced by persons not authorized by BPS.
9. Guarantee & Warranty is void if the batteries are used in conjunction with non BPS batteries.

### Claims:

1. Contact original point of purchase for applicable warranty claim procedures.
2. Upon satisfactory proof of claim as determined by BPS, the batteries will be repaired or replaced based on the original purchase price and the portion of the warranty term remaining.
